DD/A/ODP WEEKLY REPORT

Week of 14-21 January 1981

I. Major Activities During the Past Week: [REDACTED]

25X1

A. Support to PTO: [REDACTED]

CAMS (COMIREX Automated Management System) The Dual Mode System Test continued at an accelerated pace in order to support the early launch of the Dual Mode System. The system test is scheduled to be completed by 30 January and the Interface Test with the West Coast is scheduled to be completed by mid February. Both contractor and staff personnel are working extra hours to meet these schedules. [REDACTED]

25X1

Comments on the CAMS2 Development Contract Statement of Work (SOW) have been received from CAMS Staff, Director/ODP, Management Staff/ODP, Procurement Division/OL, and Information Systems Security Group/OS. These comments have been incorporated into the document. The SOW is expected to be finalized the week of 19 January. [REDACTED]

B. Support to OS: [REDACTED]

4C (Community-wide Computer-Assisted Compartmentation Control System) The DCI signed and forwarded to the House and Senate Appropriations Committees a letter covering a white paper which requests that 4C spending authorizations be increased to the [REDACTED] million needed in FY 81. At the same time, the House Appropriations Committee Survey and Investigation Team has returned a recommendation that 4C be fully funded. [REDACTED]

C. Support to OSWR: [REDACTED]

1. TADS (Telemetry Analysis & Display System) Discussions between Air Force Foreign Technology Division and CIA TADS personnel have resulted in the recommendation that a TADS terminal be installed at FTD in exchange for their funding support for future TADS improvements. A briefing for the Directors of CDP and OSWR is being prepared. [REDACTED]

S E C R E T

2. AIRDEFENSE (Simulate air defense system to determine capability) The final version of the AIRDEFENSE Feasibility Study has been forwarded to OSWR for review and approval. [redacted]

D. BIWEEK PAYROLL SYSTEM. The W2 documents have been printed and will be distributed next week by the Office of Finance. [redacted]

II. GENERAL ITEMS: [redacted]

The following item was taken recently from the bulletin board of one of the ARPANET hosts:

"Do you have any good ideas for computer aids for the blind, deaf, mentally retarded, persons with learning disabilities, patients with neurological or neuromuscular conditions, or for the orthopedically handicapped? If so, you might like to enter your ideas in a computer aid-to-the-handicapped contest being sponsored by John Hopkins University's Applied Physics Laboratory, the Nationals Science Foundation and Radio Shack. One hundred awards will be made, including a \$10,000 grand prize.

For entry applications and more information, write:

Personal Computing to Aid the Handicapped
John Hopkins University
P.O. Box 670
Laurel, MD 20810 "
